

Shark School of Art Activity Sheet

Now it's your turn to make a cartoon! Below are some simple panels to start with.
You can make your own panels on another piece of paper and fill them with cartoons. Use them to tell a story about protecting sharks.

Shark Drawing Tips!

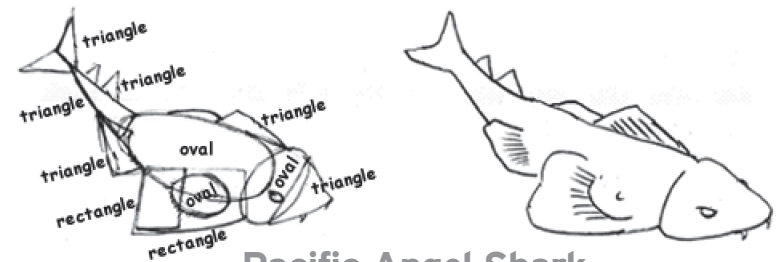

Think of the shark you are drawing as a collection of shapes.

Hammerhead Shark

Some Facts About Sharks...

Falling coconuts kill more people each year than shark bites!
Sharkskin feels like sandpaper because it's made up of tiny teeth-like structures known as dermal denticles.

Pacific Angel Shark
